A2 SPANISH COURSE 1 + 3 ECTS

10-HOUR INTENSIVE COURSE + 30-HOUR EXTENSIVE COURSE

COURSE DESCRIPTION

This is a 40-hour beginner-level course intended to prepare students for an A2 level of the Spanish language. In this course, students are expected to participate actively in the exciting challenge of learning to express themselves in basic Spanish.

The first 10 hours of class are given on student arrival to Loyola University in the form of a short intensive Spanish course providing the student with the basic Spanish language and cultural skills necessary for basic communication during their time in Spain.

The 30-hour A2 Spanish course is the second level in the series of Spanish courses and is designed for students who have some basic previous Spanish instruction (about 80 hours). The goal of this course is to provide students with the opportunity to use the language for real-world purposes and to help them become aware of Spanish-speaking cultures. The class will be conducted primarily in Spanish, and Spanish will be used as the means of communication. Course materials are challenging and stimulating and include a variety of language-building readings, assignments, and classroom activities, as well as the use of multimedia and music for cultural enrichment.

The interactive classroom format prioritizes discussion, student presentations, and group work.

All coursework is to be carried out in Spanish.
